Hannah Arntson, Craig Herdle, Sam Schlesinger, Nick Hall
EECS 330 P6: Computer Prototype
29th January, 2016

Representative Tasks in Prototype:

1. Learn more about where you stand on the political spectrum and which candidate agrees the most with your views.

*Shallow implementation in prototype.*

2. Learn more about all of the candidates and how their positions align with or deviate from your views.

*Deep implementation in prototype.*

3. Log in as an administrative user and update candidate information.

*Shallow implementation in prototype.*
